

We believe in responsible food and agriculture®

Mark McKay, President, Perdue Premium Poultry and Meats

As President of Perdue Premium Poultry and Meats, Mark McKay has responsibility for all aspects of the Perdue Foods fresh chicken business, including the PERDUE® brand and PERDUE® HARVESTLAND® brands, the COLEMAN NATURAL® and the COLEMAN ORGANIC® brands, and local brands. He is also responsible for the Perdue Foods pork, beef, lamb operations, including COLEMAN NATURAL® and NIMAN RANCH® products, and the pet treats business, including the SPOT FARMS® and FULL MOON® brands. In addition, he oversees the Perdue Foods International Division.

Mark McKay was Chief Executive Officer of Coleman Natural Foods and joined Perdue when the company acquired Coleman Natural Foods in 2011.

He brought to Perdue his experience in organic poultry, no-antibiotics-ever beef and pork, and local brands. Those insights helped support Perdue's transition from poultry to multiple proteins, and contribute to Perdue's leadership in no-antibiotics-ever production and animal care.

Mark is a graduate of Harvard University in Cambridge, Mass.
